## **Did you know...**

**...1 in 19 people will develop colorectal cancer in their lifetime?**

**...colorectal cancer is the 2<sup>nd</sup> leading cancer killer?**

**...colorectal cancer can be stopped before it starts?**

**...knowing and sharing this information could save people you care about?**

**For a free presentation about colorectal cancer at your workplace or group, please contact:**

**Sally Slusser, MS, RN**

Colorectal Cancer Awareness Community Health Educator
